### Segregation Table for Hazardous Materials

#### INSTRUCTIONS FOR USING THE SEGREGATION TABLE FOR HAZARDOUS MATERIALS ARE AS FOLLOWS

- **A** means that the materials may not be loaded, transported, or stored together in the same transport vehicle or storage facility during the course of transportation.
- **O** means that these materials may not be loaded, transported, or stored together in the same transport vehicle or storage facility during the course of transportation, or if they are transported or stored in the same transport vehicle or storage facility during the course of transportation, unless they are separated in a manner that will prevent their direct contact with each other.
- **X** means that the materials may not be loaded, transported, or stored together in the same transport vehicle or storage facility during the course of transportation, or if they are transported or stored in the same transport vehicle, they must be separated in a manner that will prevent their direct contact with each other.

#### ADDITIONAL NOTES

- Packages with POISON or POISON INHALATION HAZARD labels, or a POISON label displaying "PG III," or "FG II" marked next to a POISON label may not be transported with foodstuffs, feed or any other edible material, intended for human or animals. For exceptions see 49 CFR §177.848(c).

---

### Compatibility Table For Class 1 (Explosive) Materials

#### INSTRUCTIONS FOR USING THE COMPATIBILITY TABLE FOR CLASS 1 (EXPLOSIVES) MATERIALS ARE AS FOLLOWS

- **I** means an explosive from compatibility group I shall only be carried on the same transport vehicle with an identical explosive.
- **G** means an explosive from compatibility group G shall only be carried on the same transport vehicle with an identical explosive.
- **F** means an explosive from compatibility group F shall only be carried on the same transport vehicle with an identical explosive.
- **E** means an explosive from compatibility group E shall only be carried on the same transport vehicle with an identical explosive.
- **D** means an explosive from compatibility group D shall only be carried on the same transport vehicle with an identical explosive.
- **C** means an explosive from compatibility group C shall only be carried on the same transport vehicle with an identical explosive.
- **B** means an explosive from compatibility group B shall only be carried on the same transport vehicle with an identical explosive.
- **A** means an explosive from compatibility group A shall only be carried on the same transport vehicle with an identical explosive.

---

### Hazards which have no applicable segregation restrictions in §177.848

- **Note:** Hazards which have no applicable segregation restrictions in §177.848 following classes / divisions have no restrictions with hazardous materials, as pointed out in the instructions for using the Segregation Table. But other requirements may applicable e.g., 49 CFR §177 Subpart B (Loading and Unloading).

- **Note:** Hazards which have no applicable segregation restrictions in §177.848 following classes / divisions have no restrictions with hazardous materials, as pointed out in the instructions for using the Segregation Table. But other requirements may applicable e.g., 49 CFR §177 Subpart B (Loading and Unloading).
